

CHINA LAUNCHES FIRST GRADUATE PROGRAM

DECEMBER 2014

The China office launches PM Group's award winning Graduate Program for the first time this year.

The program in China will be led by the HR Manager, **Rae Gao** and Engineering Manager, **Felix Ni** with assistance from Senior Process Engineer, **Patrick Wu**. They will provide the criteria for training and development through a combination of on-the-job experience, internal and external training courses, presentations, site visits and site based work.

Rae and Patrick recently visited **East China University of Science and Technology (ECUST)**, in Shanghai to meet with potential candidates to introduce PM Group and answer questions about the program.

The PM Group office in China has already received a lot of interest from graduates and will continue taking applications until **May 2015**.

The China office is now recruiting Graduates for the following positions:

- Process
- Commissioning & Qualification
- Civil, Structural and Architectural
- Mechanical
- Electrical
- Finance
